Forecast For East of England
Issued by Met Office Exeter
at 0400 on Friday 17 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Frost and fog lifting slowly, some bright or sunny spells.

Today:
Dry with bright or sunny spells. Some areas of cloud, mainly in far west and also spreading from the east. Fog affecting many areas, some dense, will be slow to clear, and remaining cold here. Fog reforming in evening. Maximum temperature 6 deg C (43 deg F).

Tonight:
A misty night with fog likely to reform and thicken to become dense, mainly across Norfolk. Winds mostly light. A slight frost is possible away from coasts. Minimum temperature 2 deg C (36 deg F).

Saturday:
A cold day with some frost then generally dull and misty with fog slow to thin and break during Saturday. A few brighter spells are possible, but probably remaining cloudy. Maximum temperature 7 deg C (45 deg F).

Outlook for Sunday to Tuesday:
Sunday probably remaining cloudy and dry with fog mostly lifting. Turning brighter with sunshine likely for Monday and Tuesday and feeling cold. Increasing chance of showers, mainly near coasts.
